

Treasury Monthly Budget Report – January 2018¹

Summary

In January, the total net operating balance for the Government was a surplus of VT 894.1 million which is equivalent to 0.8 per cent of GDP.

The net operating balance for Government operations, excluding donor funds, in January was a surplus of VT 1,044.3 million which is equivalent to 0.9 per cent of GDP.

Government Revenue

During the month of January, Government receipts recorded VT 2,872.4 million which represents 12.6 per cent of the revenue budget target of VT 22,851.6 and is 14.7 per cent more than VT 2,504.1 million collected in January 2017.)

Implementation of Government's decision to increase Value Added Tax (VAT) from 12.5% to 15% from January 1 2018 is budgeted to increase VAT revenue by 35.5 per cent in 2018 compared to 2017.

VAT continue to be the main source of the Government revenue, recording VT 795.0 million in January which is 13.0 per cent more than the collection made during the equivalent period in 2017 (VT 703.4 million). Taxes on international trade and transactions constituting import duties and exports duties is the second main source of Government revenue, collecting VT 320.9 million in January. This collection represents 8.6 per cent of the budget target (VT 3,729.5 million) and 36.8 per cent more than collection in January 2017 (VT 234.5 million). Excise tax collection for January is VT 203.0 million, which is 7.8 per cent of the budget target (VT 2,617.1 million) and is similar to the amount collected during the equivalent period in 2017 (VT 208.2 million).

Among other revenue constituting fees and charges, Vanuatu Development Support Program (VDSP) and Vanuatu Contribution Programme (VCP), together collected VT 833.1 million by the end of January 2018. In January 2017, VERP, VDSP and VCP² have collectively brought VT 4,731.0 million.

Government Expenses

Government expenditure recorded VT 1,828.1 million in January 2018 which is equivalent to 8.6 per cent of the expense budget target of VT 21,325.3 million and is VT 38.9 per cent more compared to Government spending in 2017 January (VT 1,316.2 million). The huge increase was partially due to the implementation of GRT and severance payment at the beginning of this year.

However, the total Government expense is still controlled and in line with the budget target.

Government Acquisition of Non-Financial Assets

During the month of January, the Government has spent a net amount of VT 45.5 million in acquiring fixed assets.

Government Acquisition of Financial Assets

In January, the Government did not borrow or repay any loans.

¹ Tables in Annex 3 and 4 of January monthly report has been updated to reflect the correct amount of net foreign incurrence of liabilities – A332.

² Vanuatu Economic Rehabilitation Programme (VERP) was introduced in 2015 aimed at raising revenue post Cyclone Pam through fast-track citizenship programme. VERP was phased out by March 2017 to be replaced by similar programmes - Vanuatu Development Support Programme (VDSP) and Vanuatu Contribution Programme (VCP).

Development Budget Highlights

During January, VT 247.5 million worth of grants were received from donors. Major donors for this month include Australia (VT 37.4 million), ADB (VT 11.8 million) and World Bank (VT 9.4 million). Other contributing donors are greatly acknowledged.

- **Net operating balance** is equal to revenue minus expenses and indicates whether the government is able to sustain its current level of operations. The Government must aim for a surplus.
- **Net lending/borrowing** is often referred to as the fiscal surplus/deficit and indicates whether the Government is taking out or giving resources from or to the economy.
- **Expense** is a decrease in net worth resulting from a transaction.
- **Revenue** is an increase in net worth resulting from a transaction.
- **VAT (Value Added Taxes)** is the tax on goods or services collected in stages by enterprises but ultimately charged in full to the final purchasers.
- **Interest payments** and **Grants** are paid on fixed dates as they are payments to external Government entities.
- **Taxes on international trade and transactions** are almost all import duties based on Cost, Insurance, and Freight (CIF) values.
- **Excise** is charged on goods sold in the country regardless of whether they were produced domestically or overseas.
- In terms of **revenue**, **grants** refer to funds for donor assisted projects provided by donors and also general budget support from donors.
- The **Government operations funded by donors'** numbers represent only revenue and expenses to and from the Government's central development fund account. Some donors continue to operate outside the Government system so these numbers understate the total value of donor support to Vanuatu.
- **Net acquisition of domestic financial assets** is positive when the Government accumulates cash reserves and negative when it draws down on its overdraft.
- **Net incurrence of domestic financial liabilities** is positive when Government bonds are raised through auction and negative when they are retired (paid out).
- **Net incurrence of external liabilities** is positive when the Government draws down external loans and negative when principal on these loans is repaid.
- **Compensation of employees** figures follow the pay days. Vanuatu runs a fortnightly pay system.

Annex 1: Revenue Trend

Revenue collected in January 2018 is higher than budget target figure predicted through cash flow analysis of previous fiscal years (Figure 1).

Cumulative revenue flow (Figure 2) indicates robust revenue collections relative to the budget target.

Figure 1

Figure 2

Annex 2: Expenditure Trend

Expenditure figure for January 2018 is less than budget target figure predicted through cash flow analysis of previous fiscal years.

Cumulative expenditure trend (Figure 4) shows that overall expenses are in track with the budget target.
